Harrison Patent Marble Polishing Wheel

These wheels on account of the adjustable shoulders will fit any polishing machine.

The Harrison wheel has been put to every conceivable test in all parts of the world, and is today the most popular marble polishing wheel on the market.

These wheels are filled with shoes or polishing blocks manufactured from Carborundum, Alundum, Corundum or Aloxite.

The price of the wheel complete is \$10.50, including seven shoes. Each additional set of seven shoes as follows:

Carborundum Grit or Hone, eighty cents (80c) each, or \$5.60 per set of seven.

Corundum or Aloxite, eighty cents (80c) each, or \$5.60 per set of seven.

Alundum Shoes, \$1.20 each or \$8.40 per set of seven.

Special grits or hone shoes supplied to suit any marble or onyx.
